SEL-3025 Serial Shield Serial Cryptographic Transceiver⁽¹⁾ Part Number: 3 0 2 5 0 0 0 X X X X X X Installed Cryptographic Card⁽⁴⁾ SEL-3045 Secure SCADA Card (SSCP) 0 1 SEL-3044 SEL Encryption Card (SEP) **Data Communications Equipment (DCE) Port** RJ-45 0 **Data Terminal Equipment (DTE) Port** 0 RJ-45 Ethernet Managment (ETH MGMT) Port RJ-45 0 **Accessories** General Accessories PC Serial Security Kit(2)* 9 1 5 9 0 0 2 2 5 SEL-3045 Secure SCADA Card 915900233 (SSCP Encryption Card)(3)* SEL-3055 Encryption Card Dock 915900248 Power Supply Accessories SEL-9321 Low-Voltage DC Please see Online MOT or contact SEL REP or CSR for Power Supply* ordering information. 15 Vdc Output, 100-240 Vac. 240-0056 50-60 Hz Input* International Plug Adapter Kit 2 4 0 - 0 0 5 5 (UK, EU, AUS) for 240-0056* Separate Power Cable (if not 240-1522 ordered with SEL-9321)* Mounting Accessories 19" Shelf with Mounting Holes* 9 1 5 9 0 0 1 6 0 915900163 Rack Mounting Kit*

Note: When one or more SEL-3025 Serial Cryptographic Transceivers are ordered, the order comes standard with one (1) CD instruction manual. A printed instruction manual is available upon request for an additional charge.

For supporting data cables, use the SEL-5801 Cable Selector software. Download the SEL-5801 Cable Selector software for free at http://www.selinc.com/SEL-5801.

Making Electric Power Safer, More Reliable, and More Economical ®

^{*}Additional Cost

 $^{^{\}left(1\right) }$ Includes DIN rail mounting hardware.

⁽²⁾ The PC Serial Security Kit allows a PC to communicate with installed SEL-3025s for engineering access. The kit contains a CD with the SEL-5025 Secure Port Service Software, one SEL-3045 SSCP Encryption Card, and one SEL-3055 Encryption Card Dock.

 $^{^{(3)}}$ Replacement or additional PC Serial Security Kit components.

^{(4) 3025} Cryptographic Protocol conversions are available. Contact your Customer Service Representative for more information.
